EXPERIENCE

Senior Engineer - FRONTEND

BluePi Consulting Pvt Ltd

📅 April 2023 - Ongoing   📍 Gurugram, India

- Designed and developed highly scalable web applications using Next.js, ensuring optimal performance and seamless user experiences.
- Pioneered the use of Next.js on the frontend for the entire team, setting up best practices and standards.
- Led the frontend development for two major projects, AdminPortal-RXB and Icamps, delivering robust and responsive user interfaces.
- Collaborated with cross-functional teams to define project requirements, ensuring alignment with business objectives and technical feasibility.
- Implemented advanced authentication and authorization mechanisms to secure sensitive data and protect user privacy.
- Conducted code reviews and provided mentorship to junior developers, fostering a culture of continuous improvement and learning.
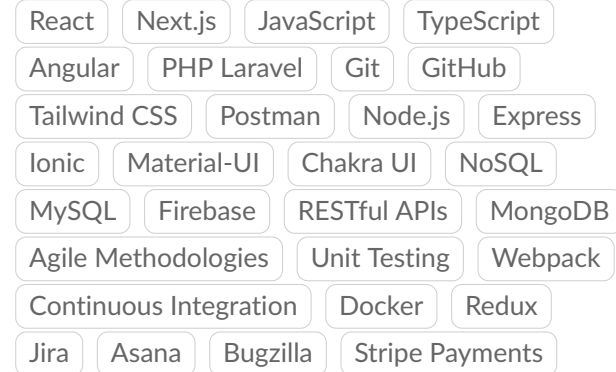

Associate Software Engineer - FRONTEND

Scandid - Wishpoint Technologies

📅 August 2022 – April 2023   📍 Pune, India

- Developed and maintained the Scandid platform, a leading shopping coupon deals site, using React.js and TypeScript to create dynamic and responsive user interfaces.
- Worked on TravelX, a premier platform for airport travel solutions, implementing key features using Angular, TypeScript and Ionic framework to ensure cross-platform compatibility.
- Utilized PHP Laravel to build and enhance backend functionalities, ensuring seamless integration with frontend components for internal Dashboard.
- Collaborated with cross-functional teams to gather requirements, plan sprints, and deliver high-quality software on time.
- Implemented complex business logic and optimized database queries to improve application efficiency and user experience.
- Conducted code reviews and wrote unit tests to maintain code quality and reduce bugs.
